

Primary Green Screen

Progression of pupil independence

Project Complexity

Student Independence

1. Whole class activity teacher does most of the green screen work for the pupils.
2. Pupils use the green screen technology but it is closely supervised and pupils may work in pairs with an adult.
3. Pupils work in pairs or groups independently but the topic is restricted and resources are scaffolded.
4. Pupils work in pairs or groups independently on a teacher chosen project
5. Pupils work in pairs or groups independently on a topic of their choosing.

Exclusively for Moodle Plus
