

# Hampshire Primary Computing Conference 2024

**28 June 2024**

This is the annual computing conference in Hampshire. It is a great opportunity to hear from national speakers on the development of the computing curriculum as well as get involved in discussions with colleagues to inform thinking and development.

## Learning Outcomes:

- Opportunity to network with colleagues from other schools.
- Hear about good practice from national and local speakers.
- Consider other tools that can be used to enhance computing in your school.
- Training to support the development of subject knowledge.
- This all-day conference aims to explore and promote the adoption of a strengths-based approach to supporting students with SEND.

## Keynote speaker:

**Phil Bagge:** Making computing memorable

## Speakers:

**James Fraser:** Embedding online safety into the primary school curriculum

**Matt Warne:** AI from a primary perspective

**Chris Ayling:** Inclusive EdTech for all

**Matthew Wimpenny-Smith:** Bias and balance in computing

**Richard Berryman:** Microbit next steps

If you would like to learn more about the speakers, you can find their biographies by visiting the [Speaker Bios](#) section.
