

Primary Computing Conference

27 June 2025

This is the annual Computing Conference in Hampshire. An opportunity to hear from national speakers on the development of the computing curriculum as well as getting involved in discussions with colleagues to inform thinking and development.

Learning outcomes:

- Opportunity to network with colleagues from other schools.
- Hear about good practice from national and local speakers.
- Consider other tools that can be used to enhance computing in your school.
- Training to support the development of subject knowledge.

Speakers and topics:

Emma Goto

University of Winchester

[The importance of oracy and critical thinking in digitally literate primary schools](#)

Dr Fiona Aubrey-Smith

One Life Learning

[From EdTech to PedTech: Changing the way we think about digital technology](#)

Rachael Coultart
